NOTE: (At the fiftieth wedding anniversary celebration of B. I. Harvey and Coy Rodgers Harvey, I examined the Harvey Bible. The "Family Records" sheets were loose and had been placed folded in Grandma Harvey's Bible. Ben Harvey told me he had bought his grandmother the new Bible in 1915 when he was a young man. She took the records out of her larger older Bible and kept them in the new one. When Grandma Harvey died Dec. 13, 1927, at Tillar, the Bible became the property of Ben I. Harvey of Grady.

Mary Ann Hamlett Harvey had one brother, William, and two sisters, Addie, wife of Chesley C. Clayton, and Elizabeth or Bett, wife of Columbus Tindall whose father was the Rev. Thomas Tindall. Bett and "Lum" Tindall had two sons, William Columbus and Robert Barnabas Tindall who made their home with Aunt Mary and Uncle Jesse Harvey after their parents died in the early 1870's. William Hamlett is listed as a Confederate pensioner in Shelby County, Tenn.)

LETTER FROM ALABAMA TO ARKANSAS - 1865

The letter to H. B. Stuart of Arkadelphia, Arkansas, from his brother, R. F. Stuart of Gainesville, Alabama. The original is owned by the family of Mrs. J. Max Gorman, Escondido, California, a descendant of R. G. Stuart. Mrs. Gorman sent a copy to her cousin Mary Gail Stuart Tutt (Mrs. R.C.) of McGehee, Arkansas. Used by permission of Mrs. Tutt for records of Gen. Henry Lee Chapter DAR, Desha and Chicot Counties.

Gainsville Ala Dec 31st 1865

H. B. Stuart

Dear Brother

I have just heard through Capt Frank Scott son of Judge Scott of Camden who is now here after his mother, that you were still living the Capt is not acquainted with you but says he knows you from charwater & is certain, that you are still at Arkadelphia. This is pleasant tiding for us, and I can to write you by him, we have not heard from you, or Aquilla, or Isaac, for four year I do not know where they are, if living, the other Brothers, have all suffered not only in loosing their property, but the still greater affliction of loosing their wives. Temples wife died in 61 or 2. James wife we heard died in 63, I do not know that to be true. I hardly think that Nancy is dead: my wife died on 10th march 62 and Bettee, Davids wife died on the 4th Sept last, she was one of the best women I ever saw, died of consumption, was sick about 5 months I attended her most of the time, her spirit was good to the last two weeks of her life, she spent several weeks at my house, and often spoke of Mother, and you She died happy under the influence of grace of God, with a bright hope of a happy home in Heaven. She left 8 children the 2 oldest girls grown. The youngest only 2 years old David is living on my place 40 mile from here, he sold his land in Marshall, and lost most of the money, is somewhat in debt, and now says in his old age has to take one of Stillmans grownd studs he is very low spirited and thinks his case the hardest of any other man.

My wife died of influeation of the bowels and inflamatory rheumatism, was sick about a month and suffered very much. She was certainly one of the best women in the world, and filled the place of wife and mother perfectly, the longer we lived together the more our union seemed to grow, until life was one congenial agreement of contentment and satisfaction. but! ah what are all the pleasures of this world, how mixed with sin, suffering, & disappointment, how strange to think & know that such severe dispensations are necessary to our happiness in the world to which we are all hastening.

Enclosed I send you Mary's photograph, She was only 3 years old when you saw her. She graduated last July, and is one of sweetest tempered women you ever saw, has many friends, was married, a month ago to a gentleman, from Memphis Tenn Mr. G. W. Stroda, who is apparently all that anyone could wish him to be, they are yet staying with me

LETTER FROM ALABAMA TO ARKANSAS - 1865

Mary will also write you a short letter, Bonie Wilson, daughter of James Greer, is living with me her husband Mr. E. A. Wilson died in the army, her child also died about the same time, 1 of David's girls are here going to school, my house has a crowd nearly all the time, I married my second wife last spring, a Miss Gibbs a lady about 25 year old and have a little girl by her. I helped to raise a Co in 62 & spent that year in the army, the exposure and fatigue was too much for me, and I resigned and came home at the Surrender I was in debt for some land and a furnice at the salt works which was a clear loss, & I am now a bankrupt I was thus when the war began, worth 20 or 2500$, but now am not able to pay ¼ that amount, it has been my misfortune to be crushed by the revolution of my country, I must suffer by it, but do not intend to hold down my head, but must now renew my energies just when I had intended to retire from active & publick life, I can make a living, while I have my health, and thats all I expect to do. There are many crooks in our lives that we make, those we can and ought to straiten, there are others over which we have no control, they are intended to straiten us.

Sam McGhees wife died 3 years ago, he is still at Shagualak Miss Hiram Tillman was killed in Ga, Aquilla Greer, James son, was killed at Richmond; Bill jackson is still in Clarke County Ga, I was at the old place in Nov 59. Saw a good many of our old friends, the trip was pleasant, but the pleasure was sad & melancholly I might say something about the times, but I decline thinking that every Southern man, has seen enough hoped enough & feels enough to satisfy him, without having the same sad scenes depicted on paper, our State is still partly under military power but is struggling to throw it off and again hold the rein of its own destiny. I hope you will respond to this letter our mails are now carrying letters on the railroads and if you can mail a letter on this side the Mi river it will come to hence, my respects to your family and relatives let me hear from you soon your brother

ARKANSAS PIONEER - REBECCA HINTON McKINNEY

The following "sketch" of Rebecca Hinton McKinney's life was written in long hand by her to help her remember what she wanted to say as her son taped it. The tape is in the possession of Retired Naval Commander Joe Hinton McKinney of Sequin, Texas. The handwritten manuscript belongs to Marion McKinney Stroud of McGehee, Arkansas.

Dr. Paris Neely Drake moved to Hempstead County, Ark. with his wife Rebecca Hill in 1844. Both were born in Virginia but migrated to Northern Alabama with their parents about 1819. Paris Drake was the grandson of John and Jane Neely Drake, Rev. War patriots of Virginia. Willias Jacob Hinton came to Hempstead County, Arkansas between 1850-58 from Campbell County, Georgia. He came with his father Bradford Hinton and two brothers Martin and Lovette. Bradford Hinton was the grandson of Malachi and Sarah Wimberley Hinton of Johnston County, North Carolina, also Revolutionary War patriots. Bradford's maternal grandparents were "Captain Jack" Bradford and Martha Ricks of North Carolina and Georgia.

Rebecca Hinton McKinney had eight brothers and two sisters: W. B. (Ridge), Price, Fannie (2nd wife of Francis Baker), Sam, Rebecca (born Oct. 30, 1868), Vasco G., Bynum E., Phillip, Claude, Hattie (Easters-Maynard) and Carl. After Rebecca left Ouachita, she helped to send Vasco, Bynum, Hattie, and Carl to college perhaps more by inspiration and example than by direct financial aid.

Rebecca Hinton McKinney lived to be ninety-four years old. She died Tuesday, November 20, 1962, in Pine Bluff, Arkansas, and was buried beside her husband in Roselawn Cemetery at Little Rock.

Here I am down in Houston Tex. on Dec. 5, 1952, visiting with my son Joe McKinney and family. Before I left Ark. to come down, my youngest daughter Marion Stroud with whom I was visiting at her home in McGehee, said, Mother I want you to write out a sketch of your life and leave for us, and my son wants me to do the same, so here I go. It will be a long story for I am 84 yrs and I have been on the road a long time and my mother said I started early - like a quail she said, came out of the shell arunning, weighed five pounds at birth, walked at seven months, believe it or not. My parents, Jacob and Marion Drake Hinton lived on a small farm in south Ark. had fifteen children born to them raised eleven to be grown - eight boys and three daughters. They married in the year of 1859 just before the Civil War. Pa went into the war and left ma with two small children. My grandfather was a doctor and helped her when the children got sick. I was born in the year 1868 - and they named me Rebecca California - I was wedged in between two brothers and you can see I must have had a tough life holding my own. But we had a happy home life, not easy, but we all had jobs to do. My mother could keep us busy, I used to think she could think of more things to do - sweeping the yards, scrubbing the floors, scrubbing knives and forks and spoons, brass bands on water buckets, gathering up the eggs, drawing water from the deep well with a winlas and long rope - but we grew up healthy youngsters and got some learning, for our schools were short terms about three months in the summer sometimes two in mid-winter.

When I was seventeen I went out and got me a school to teach at $25 a month and another winter term at $30, so I thought I was on my way to more learning. Just that year a new school for girls was built at Hope, Ark., just twelve miles from our home. I prevailed on my parents to let me go - of course they said it would not be possible for them to pay it, now I argued that I would pay it and make my own way - so I went out. This school was called "Hope Female Institute" - I graduated in one year, so proud of my diploma. Got a better school at $40 that summer. When my grandfather learned what I had done he wanted me to go on to Ouachita College at Arkadelphia, but I told him I still owed a balance on my board that year, and would have to get a school to pay it. To my suprise, he said, "If you will go I'll pay that balance and pay your way in college." This brought tears of joy and of course I said I would go home and get ready, only two weeks until school would open. But I was there, though with a scant wardrobe - two new dresses, one ten cent gingham and a cheap percale - I rember to this day the figures in these dresses and how they were made. I learned though that fine clothes did not count so much as your grades. At Xmas my grandfather died and his pay had to stop - but I did not stop. Dr. Conger the president begged me to come on and he would wait on me for the pay. So I went back and forth teaching a short term and back to school - four years went by.

Well I did not quite get a diploma but I got a husband - a young preacher who finished that year, 1894 - we married the next year Oct. 22, 1895.

So we started life in dead earnest. The preacher who married us at Hope, Ark., said as we rode together on the train on to Arkadelphia where I wanted to see my two brothers at Ouachita - The ceremony is said, but it will take you ten years to get married. I wondered what he meant - I thought we were married. Now as I look back over our years together, this seemed to be true - from 1895 to 1905 we made most of our moves made most of our adjustments of life. These first years, first experiences. E.J.A. McKinney my preacher husband, came down with a long spell of fecer at Eldorado where we stopped. I had to be his nurse, no hospital then. On to Junction City where he organized a church in the new town and became pastor - all the organizations we had to get going. Our first baby Merle was born Aug. 25, 1896. The cyclone took the church down he had to rebuild the house. But our first candidates to be baptized were George Lucey (Lacey?) a Presbyterian preacher who served as missionary to Mexico for many years - a young man Arthur Hill, still living in Little Rock where he served as Supt. of High School where all my children got their education under him.

From there we moved to Judsonia and took over. Just two months there when Mt. Zion Association called him to be their missionary. Of course you will not go I said. I could not turn them down for my right arm he said - they paid my way through college." Moved again, settled at small village of Cherry Valley in the midst of Missionfield. There our son Joe was born 1899. When he was eight months old we moved to Paragould where my husband took over the Baptist Gleaner in partnership with J. N. Hartley the pastor of the Baptist church there. Eight months only there and we moved to Star City where he took the pastorate of the church.

We both taught in Lincoln Co. Academy for two years and closed out to go to the seminary, but stopped over in Little Rock to attend the convention. While there the convention president, ex-governor Eagle, learned of our plan - so he changed our minds and our plans - said the need was so great for him to remain in Ark. because of the split that had come in the convention the year before.

So went to England, Ark., took over there just in time to see the split in that church. So both divisions built a new house. While there he also made trips to Little Rock to help launch a newspaper - the Baptist Advance. At close of 1905 our next baby Marian was born and when she was a month old we moved to Little Rock. This ended our

first ten years of married life. We settled down with our completed family and my husband took over the paper without any budget to go on, no salary, who ever heard of a religious paper paying its way - but the board told the editor to take over, make a go of it if he could. For fourteen years he kept it going - the last two years, fifteen and sixteen, enough money accumulated that he was paid $2000 a year to help out. I kept some teachers to help pay the grocery bill and keep the children clothed and in school. As soon as my son was a bit older he began to make his own spending money by selling papers on the street. Later got a paper route and special delivery letters carrier and telegrams - until he joined the Navy when 1st world war broke out, when he was seventeen, in his eighteenth year.

How we managed I don't know, but both our daughters finished school and went on to college - Merle took her A.B. at Ouachita, Marion finished at Central College.

The last years of my husband's life while working for the Home Mission Board he found a church at Atkins, Ark., where they had torn down the church house with a view to rebuilding, bought material, built in the basement, got discouraged and quit. He got interested, tried to encourage them to finish the building. Finally he got it going. They had a house finished inside of a year with some help from the H. Board.
